ALMA MATER

We greet thee, O College fair,
In the Shadow of Lebanon,
Where its mystic haze doth melt
In the Mediterranean sea.

CHORUS: Alma Mater, hail to thee,
Receive our pledge of constancy
Alma Mater, hail to thee,
Deep loyalty we vow.

To thy portals, O College fair,
We thy students have come from far,
We have answered thy call to dare,
To adventure beneath thy star.

By the light of thy holy fires,
We shall follow the way of truth;
In the strength of our new desires,
We pledge to thee all our youth.

(Sung to the tune of "Follow the Gleam")

SCHOOL OF ARCHITECTURE & DESIGN GRADUATES' OATH

"Following the heritage of my forebears, I pledge to dedicate myself to the pursuit of knowledge and the extension of the benefits of my profession to humanity.

I pledge to remain faithful to the principles of my discipline, to uphold the values of higher education, and to share my knowledge with other members of my profession. I will strive to apply my skills for the benefit of society, and to work towards the sustainability of our environment.

To all, I pledge to promote tolerance and respect for others, to strive to govern my practice by the values of ethics and integrity, and to work for the betterment of humanity."

THE ENGINEER'S OATH

Using the heritage left by my professional forebears, I dedicate myself to the pursuit of knowledge and the search for truth in the extension of the benefits of my profession to humanity.

I will strive always to disseminate what professional knowledge I acquire. And I will fully accept my responsibility for the instruction of younger members of my profession.

Zealous of the high repute of my calling, I will strive to protect the interests and the good name of any member of my profession.

To all, I pledge integrity and fair dealing, tolerance and respect, and devotion to the standards and dignity of my profession. I gladly accept the obligation to use my special knowledge and expertness to serve humanity with complete sincerity.

I will strive faithfully to fulfill the solemn obligations of my profession and to govern my life and practice by its Canons of Ethics.

OATH OF A PHARMACIST

"I promise to devote myself to a lifetime of service to others through the profession of pharmacy. In fulfilling this vow:

I will consider the welfare of humanity and relief of suffering my primary concerns.

I will apply my knowledge, experience, and skills to the best of my ability to assure optimal outcomes for my patients.

I will respect and protect all personal and health information entrusted to me.

I will accept the lifelong obligation to improve my professional knowledge and competence.

I will hold myself and my colleagues to the highest principles of our profession's moral, ethical and legal conduct.

I will embrace and advocate changes that improve patient care.

I will utilize my knowledge, skills, experiences, and values to prepare the next generation of pharmacists.

I take these vows voluntarily with the full realization of the responsibility with which I am entrusted by the public."

NIGHTINGALE PLEDGE

I solemnly promise before God and all present to live my life honorably and morally and to practice my nursing profession faithfully.

I will never intentionally harm anyone in my care and will work diligently to practice nursing safely. I will never take or knowingly administer any harmful drug or therapy.

I will do all in my power to maintain and elevate the standard of my profession by active engagement, a commitment to caring, continuing education, and mentorship of new nurses and nursing students.

I will keep all health and personal information of patients and families confidential as I practice my calling.

I will work collaboratively and respectfully with all health care providers and devote myself to the welfare of those committed to my care.

HIPPOCRATIC OATH

I swear by Apollo Physician and Asclepius and Hygieia and Panacea and all the gods and goddesses, making them my witnesses, that I will fulfill according to my ability and judgment this oath and this covenant:

To hold him who has taught me this art as equal to my parents and to live my life in partnership with him, and if he is in need of money to give him a share of mine, and to regard his offspring as equal to my brothers in male lineage and to teach them this art—if they desire to learn it—without fee and covenant; to give a share of precepts and oral instruction and all the other learning to my sons and to the sons of him who has instructed me and to pupils who have signed the covenant and have taken an oath according to the medical law, but no one else.

I will apply dietetic measures for the benefit of the sick according to my ability and judgment; I will keep them from harm and injustice.

I will neither give a deadly drug to anybody who asked for it, nor will I make a suggestion to this effect. Similarly I will not give to a woman an abortive remedy. In purity and holiness I will guard my life and my art.

I will not use the knife, not even on sufferers from stone, but will withdraw in favor of such men as are engaged in this work.

Whatever houses I may visit, I will come for the benefit of the sick, remaining free of all intentional injustice, of all mischief and in particular of sexual relations with both female and male persons, be they free or slaves.

What I may see or hear in the course of the treatment or even outside of the treatment in regard to the life of men, which on no account one must spread abroad, I will keep to myself, holding such things shameful to be spoken about.

If I fulfill this oath and do not violate it, may it be granted to me to enjoy life and art, being honored with fame among all men for all time to come; if I transgress it and swear falsely, may the opposite of all this be my lot.
